REDACTED VERSION

Urgent -- Prompt Reply Requested

Mr. Garry Doyle, Mrs. Lynda Kaylor, & Mr. Danny Doyle

(b) (6)

Leonard, Texas 75452

Re: U.S. Environmental Protection Agency (EPA) request for access to your property, in Leonard, Fannin County, Texas.

Dear: Mr. Danny Doyle, Mrs. Lynda Kaylor, Mr. Garry Doyle

The purpose of this letter is to request permission for the U.S. Environmental Protection Agency (EPA) to enter and collect soil samples from your property at 905 N. Poplar, Leonard, TX 75452. The property at 905 N. Poplar is the location of a former industrial facility with documented PCB contamination. In accordance with the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), 42 U.S.C. § 9601, the EPA is seeking access in order to investigate the nature and extent of contamination that may have resulted from this industrial operation.

Since field inspection activities are tentatively scheduled to begin in April 2018, we request that you sign the enclosed agreement within the next two weeks and return it to EPA. You can scan and email a copy of the signed access agreement to Moore.Gary@epa.gov, or mail the document with the enclosed return envelope. Representatives of Weston Solutions, Inc. (WESTON) will be conducting the investigation as the EPA contractor. If you would like a copy of the resulting inspection report, please mark the appropriate box on the consent form.

Thank you very much for your cooperation in this matter. If you have any questions, please contact me via my cell phone at 214-789-1627 or by email at Moore.Gary@epa.gov.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Gary Moore", is positioned below the "Sincerely yours," text.

Gary Moore
Federal On-Scene Coordinator
U.S. Environmental Protection Agency
